**OLYMPIC
LEAGUE
CODE OF ETHICS**

We, the Students of the Olympic League, realize that this CODE OF ETHICS is not a set of hard and fast laws, but rather a set of suggestions for us to use as personal standards for social, moral and ethical behavior. The A.S.B. Presidents of the Olympic League hope that this Code will be considered as a beginning of an ever improving guidepost for student and League behavior.

Goals:

1. Respect and honor the American Flag at all times.
2. Be accepting of all ethnic, religious and social groups, being that all students have equal rights in the activities of the League and the school.
3. Refrain from any action which may reflect unfavorably upon our League and our schools.
4. Respect the rules and traditions of all other schools with which we come in contact.
5. Emphasize the ideals of scholarship, sportsmanship, ethical conduct, and fair play.
6. Encourage standards that promote the best practices of the game.
7. Stress values derived from playing the game honestly and fairly.
8. Be courteous to visiting teams and officials.
9. Establish a positive relationship between visitors and hosts.
10. Respect the integrity and judgment of sports officials.
11. Demonstrate a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
12. Encourage leadership, initiative, and good judgment by all participants.
13. Recognize that the purpose of athletics is to promote the physical, mental, moral, social and emotional well-being of the individual players.
14. Remember that an athletic contest is only a game, not a matter of life or death.
15. In the interest of good sportsmanship, the Olympic League expects coaches and athletes to make genuine and determined efforts to refrain from capitalizing on situations which may result in heavily lopsided scores. This is considered demeaning and is, therefore, discouraged.

**OLYMPIC
LEAGUE
POLICIES & PROCEDURES**

The practice will only be approved as a voluntary activity for students/athletes.
4. Procedures pertaining to each recognized activity shall be detailed in a supplement to this handbook entitled Policies and Procedures of the Olympic League.

SUPERVISION

1. **Member schools are encouraged to provide supervision at away contests. For contests at which large crowds are expected, or there is a potential for problems, this supervision is required.**

 - Division Champion is the team that has the best “in division” winning percentage amongst same classification schools.
 - There will be a separate “Division Champion” for each team sport.
2. **Individual Sports** = includes sports that are typically defined as “individual” centered and an individual’s performance (event, match, round, etc.) is scored separately from the team. Team sports include: golf, cross country, tennis, bowling, track & field, swimming & dive and wrestling.
 - League Champion:
 - a. **League Champion (golf, tennis, bowling, wrestling)** = the team with the best winning percentage in the league games/matches.
 - b. **League Champion (cross country, gymnastics)** = the team that wins the “League Championship Meet.”
 - c. **League Champion (track & field)** = determined by a combination of 3-way meet record (one point for each win) and League Meet placing (one point for each team you place higher than). Place at the League Meet will be used in the event of a tie.

TIE BREAKER CRITERIA FOR SUB-DISTRICT OR DISTRICT SEEDING

Sequential Order of Application for tie-breakers.

1. Head to head competition.
 - 1a In sports that play each other one time: The winning team will be given the higher seed to the next tournament level.
 - 1a.1 Team with the best head to head record against the other, tied opponents will earn the higher seed. Seed remaining teams by record within the group of tied teams.
Example: A 2-0, B 1-1, C 0-2. In this example, A is #1, B is #2 and C is #3
 - 1a.2 If the head-to-head record amongst the tied teams is identical, move to tie breaker #2.
 - 1b In sports that play each other twice: If a team has earned two wins over the team that they are tied with, they will be given the higher seed to the next tournament level.
 - 1b.1 Team with the best head to head record against the other, tied opponents will earn the higher seed. Seed remaining teams by record within the group of tied teams.
Example: A 3-1, B 2-2, C 1-3. In this example, A is #1, B is #2 and C is #3
 - 1b.2 If the head-to-head record amongst the tied teams is identical, move to tie breaker #2.
 - 1b.3 If the head-to-head record for two or more teams within the group of tied teams is identical, use head-to-head result to break the tie.
Example: A 2-2, B 3-1, C 2-2. In this example, B is #1. If A or C swept the other, they would earn #2 seed.

- 1b.4 If still tied (in example 1B.3), because the two teams split their two games, move to tie breaker #2
2. The record against teams that finished higher in the overall league standings. Begin with the first-place team and work down sequentially until the tie is eliminated. Follow this process through all teams that finished higher than those tied. The tie is broken at the first instance when one of the tied teams has a better record than the other(s) against a team which finished ahead of them in overall league standings.
 3. The record against teams that finished lower in the overall league standings. Begin with the team(s) just below the tied teams until the tie is eliminated. Follow this process through all teams that finished lower in the standings through the last place team. The tie is broken at the first instance when one of the tied teams has a better record than the other(s) against a team (or other tied teams) which finished below them in overall league standings.
 4. If still tied, seeding will be determined by a coin flip (or number draw conducted at pre-season meeting). The Olympic League President will facilitate this process. In team sports, it is permissible to have a predetermined draw to determine this tie-breaker rather than the toss of a coin. This should be done at the pre-season meeting.
 - 4a. Tie-breaker #4 cannot be used if a team will be eliminated from post season play. In this instance, the Athletic Directors will determine the format and site to break the tie.
 - 4b. If the tie is for the league championship, and there is a distinct advantage to seeding at the next tournament level, there will be a playoff game between the teams (rather than a coin flip). In this instance, the Athletic directors will determine the format and site to break the tie.
 - Either team may decide not to play this game or contest, and, in doing so, forfeit the higher seed.

ADMISSION PRICES – LEAGUE GAMES

1. For sports with admission: Adults and students without ASB cards \$6.00. Senior citizens, visiting students with ASB cards, and elementary school students \$4.00. Admission prices for unsupervised elementary or middle school/ junior high school students will be determined at the local levels.
2. Family and or season ticket plans may be used and developed for home games only.
3. Pre-sale of tickets is allowed, between participating schools.
4. Member schools will determine at which events they will charge admission.

ADMISSION PRICES – LEAGUE TOURNAMENTS

1. For sports with admission: Adults and students without ASB Cards \$7.00, students with ASB cards and elementary students \$4.00, Seniors (62 years of age and over) \$4.00. Admission prices for unsupervised elementary or middle school/ junior high school students will be determined at the local levels.
2. Schools may submit pass lists for these events.
3. Pass lists will be used for coaches, players, managers, scorekeepers, administration, school board, and supervisory personnel.

SCHEDULES

1. All schedules will be drafted and approved by the athletic directors and reported to the league principals.
2. Changes in schedules may be made by mutual agreement of the schools involved unless the change violates any sport specific rule.

3. Completion of season: All teams must finish their League schedules unless an emergency exists and the League grants a waiver.
 - **Roster Emergency** – inability to have enough athletes to participate in a league game will result in forfeiture of the contest.
 - **Calendar Emergency** – playing a contest that would put a team at an unfair disadvantage going into post-season play. Once a waiver is granted, standings will be determined by a team's winning percentage (or points scored, out of total points possible, in soccer).
 - In most cases, scheduling a make up league game the day before a playoff game would be considered an emergency. In baseball, due to pitching limits and the nature of the sport, scheduling a make up league game within two days of a playoff game would be considered an emergency.
 - In all cases, the commissioner for the sport has the authority to make necessary adjustments to the schedule (includes days, dates, times, locations) in an attempt to complete the season before a team would be granted a waiver for a calendar emergency.
4. All rescheduled League games will be made up prior to the last date of the regular season schedule unless an emergency exists and the League grants a waiver to play after this date.

FILMING/VIDEO TAPING/PICTURE TAKING

1. WIAA Guidelines must be followed.

COACHES' RESPONSIBILITIES

3. All coaches will notify the newspapers in the Olympic League with pre-season information and accurate, prompt reports after all contests.
4. All coaches will ensure that all contests end with all players shaking hands with the opposing team.

POSTPONEMENTS

1. Games are to be postponed by athletic directors due to emergency conditions only.

4. The person in charge will be responsible for equipment issue and the overall organization of the time period.
5. The person in charge may not do any teaching of sports skills during the time period. The exception to this would be if the safety of an individual were involved.

PROTESTS

1. Games, matches or meets can be protested for rule infractions only, not officials' judgment.

2. In any contest where a registered or sanctioned official is present, any protest must be declared to the official before the next live action. The official will note the protest in the scorebook and the contest will continue.
3. In a contest where no registered or sanctioned official is present such as golf, cross country, track and tennis, the other coach must be notified during the day of the contest.
4. The League President must be notified by the principal of the protesting school by the next school day. Within 72 hours, a written explanation must be sent to the Chair of the League.
5. The League President will inform the Chair of the League that a protest has been filed. The athletic directors will determine if a protest meeting is warranted and if an emergency meeting is needed. If it is not an emergency, a hearing will be held within 5 days or a ruling will be rendered at the next regular athletic directors/principals meeting.
6. The League President will select a three-member committee to include a principal, who will form the Protest Hearing Committee. Those selected will not be from the schools/districts involved in the protest. Under normal circumstances, this committee will deliver their decision on the protest to the Chair of the Olympic League within five school (5) days.
7. The Chair of the League will inform the member schools of the Protest Hearing Committee's decision as soon as possible.
8. In filing a written protest explanation, the following facts should be stated:
 - (a) opponent,
 - (b) date,
 - (c) sport,
 - (d) time of day,
 - (e) offending person,
 - (f) opposing coach,
 - (g) rule violated, including federation rule and number,
 - (h) explanation of what happened, and
 - (i) Action requested.
9. If resolution of the protest is not accepted, the protesting school may appeal in accordance with WIAA regulations.

UNMANNED AERIAL VEHICLES (“UAV”), also known as drones

The Olympic League has determined, along with the WIAA and the West Central District, the use of unmanned aerial vehicles (“UAV”), also known as drones, will be prohibited for any purpose by persons at Olympic League venues.

The purpose of this determination, by the Olympic League, is to address the safety of the student-participants, coaches and spectators and to maintain a fair and level playing field.

Member school management will deny admission or entry to anyone attempting to use a UAV; and, if necessary, management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For the purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for Olympic League broadcast partners, provided the management of the facility permits the presence of UAV's for broadcast purposes under the control of the Olympic League.
